Dubai Office Supports Aventure's Regional Strategy

"We are now better poised to serve commercial airlines, MROs and air forces of the Middle East, North Africa, and Indian Subcontinent."

Walid Zaatarah
Managing Director MENA

*< In good company:
Aventure's new location
in Dubai Airport Free Zone.*

Since opening a regional office in Dubai this April, Aventure has received a lot of attention from regional airlines and air forces seeking support for their aviation materials and component repair management requirements.

"We are overwhelmed with new inquiries from existing and new customers from this vital region," commented Amyr Qureshi, Aventure's Senior Vice President.

"Our location in the free zone area of the Dubai airport gives us continuous leverage to support the aviation community on a 24/7/365 basis," commented Walid Zaatarah, Aventure's newly appointed Managing Director based in Dubai.

Located in the United Arab Emirates (UAE), Dubai is a strategic choice for Aventure's growth plans as it has become a focal point for the ever-expanding aerospace business.

Aventure exhibits at AP&M Expo Europe in London

Aventure exhibited at the Airline Purchasing & Maintenance Expo Europe (AP&M), May 1-3 in London, UK. The expo was attended by Aventure's Senior Vice President Amyr Qureshi, and Senior Director of Sales Melissa Coleman.

"We had tremendous success meeting with the materials management of most attending airlines and MROs, who were keen on our capabilities. Many of them made a point to visit our booth," commented Mr. Qureshi.

"They learned about our purpose-built warehouse that stocks Airbus, Boeing, Bombardier and Lockheed C-130 rotables," added Ms. Coleman-Grina.

During the awards ceremony, Aventure was cited by show organizers as being among the industry's most recognized parts suppliers, noting Aventure was awarded ATE&M's Best Spare Parts Provider Award at last year's event.

Amyr Qureshi and Aventure booth guests from Boeing show their prestigious ATE&M awards.

This Month in aviation History

June 17, 1928

Amelia Earhart becomes the first woman to fly across the Atlantic (as a passenger) as she accompanies pilot Wilmer Stiltz and mechanic Louis Gordon on their flight from Newfoundland to Wales in a Fokker C-2. Less than four years later, she flies the Atlantic alone.

Quote of the Month

"Man must rise above the Earth—to the top of the atmosphere and beyond—for only thus will he fully understand the world in which he lives."

– Socrates

Aventure highlights CRJ/Dash 8 expertise at Bombardier's All Series Operators Conference and Trade Show

Aventure exhibited at the 2012 All Series Operators Conference and Trade Show, which took place at Orlando Florida's Gaylord Palms Resort and Convention Center from April 30 – May 3.

The event was unique because it was the first time that Bombardier brought together its Q-Series, CRJ Series, and CSeries customers in the same location. Director of Sales Talha Faruqi and Account Manager Sarah Capati were in attendance.

"The Bombardier Operator's Conference continues to be the best place for us to meet Dash 8 and CRJ operators," stated Mr. Faruqi. "We were able to spend quality time with our current customers, and had a lot of success meeting potential new customers in order to understand their specific CRJ/Dash 8 needs."

First Appearance for Aventure at Marrakech Airshow

Aventure's first participation at the Marrakech Air Show was hailed a success by company executives. The event took place at the Marrakech Menara Airport on April 4-7.

"We were immensely honored to meet the Prime Minister of Morocco, His Excellency Abdelilah Benkirane," said Myr Qureshi, Aventure's Senior VP. "Our newly appointed Managing Director for Middle East & North Africa, Walid Zaatarah, fully briefed His Excellency on our services and Lockheed C-130 military aircraft parts and technical support capabilities."

Mr. Zaatarah added, "this was a great first appearance for Aventure since we are now seeing a large number of aircraft parts requests from several countries from the region."

Moroccan Airforce officers visit with Walid Zaatarah at Aventure's booth.

Aventure makes debut at FIDAE in Santiago, Chile

Aventure exhibited for the first time at the biannual FIDAE International Air & Space Fair in Santiago, Chile from March 27–April 1.

At the landmark event, President Zaheer Faruqi and Vice President of Military Business Development Carlos Max Crespo had the opportunity to meet with the main commercial airline operators based in the region, as well as top ranking officials of various foreign air forces.
