Aventure Ranked Among the Fastest-Growing Private U.S. Companies Third Year in a Row

Aventure Aviation has ranked in the 2013 Inc. 500|5000 list of fastest-growing private companies in America for the third consecutive year.

This achievement places Aventure among a select group of companies that have ranked on the list multiple times. Other repeat honorees include Microsoft, Timberland, Intuit, Oracle, and Zappos.com.

Aventure will accept the honor at the annual Inc. 500|5000 Conference & Awards Ceremony, taking place October 10-12 at the Gaylord National Resort & Convention Center in Washington, D.C. The conference will feature a wide array of speakers from top-ranking companies, networking opportunities, and a black-tie gala.

Inc. Magazine recognizes that private companies are the driving force of the economy. The magazine showcases the leaders of these businesses and provides methods to achieve economic success. To be eligible, U.S. companies must be privately-held and for profit.

Aventure to Exhibit at Dubai Airshow in November

Aventure Aviation will exhibit at the 2013 Dubai Airshow, held November 17–21 at Dubai World Central, located in Jebel Ali, Dubai.

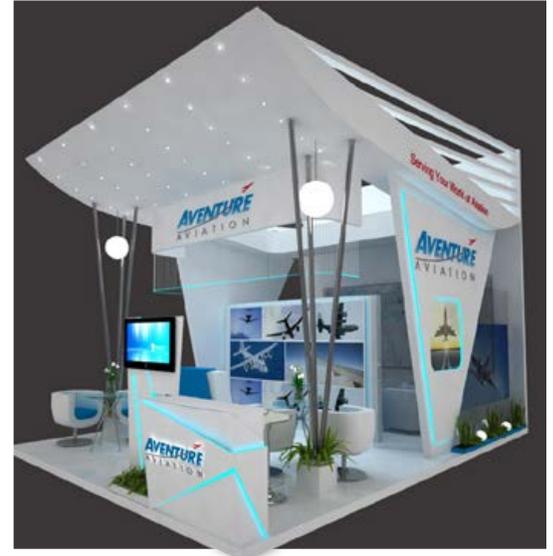

"We have had a presence at this extremely important industry event for over a decade," commented Amyr Qureshi, Aventure's Senior Vice President.

"This show has always proven to be a great success for us," Qureshi added.

Aventure's commitment to customers of the MENA region led the company to establish an office in the Dubai Airport Free Zone last year.

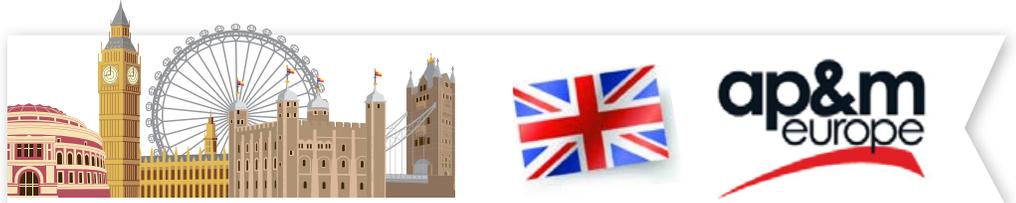

Walid Zaatarah, Managing Director of Aventure Aviation Middle East, will represent the Dubai office at the show. Also attending will be Qureshi and other senior Aventure executives.

Produced by F&E Aerospace, the show is the Middle East's premier aerospace event. It brings together key buyers and decision makers with suppliers for networking opportunities, seminars and workshops.
